“Turn-Key Solution”

Let's explore the possibilities with
private label solutions

SKIN
FACE
AND
BODY
HAIR

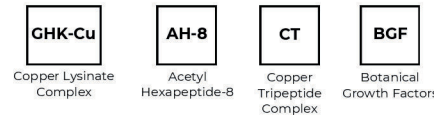

NEW

GHK-Cu Peptide & Vegan GF Serum

A high-performance serum with 3 biomimetic copper peptides and vegan growth factors to soothe inflammation, boost repair, and visibly firm. Strengthens the barrier and renews skin for a radiant, youthful look.

BENEFITS

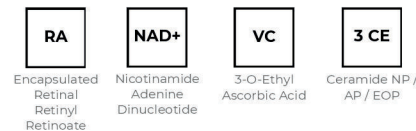

- Boosts cellular renewal
- Strengthens skin barrier
- Firms facial contours
- Calms micro-inflammation

30 ml e 1.01 Fl.Oz

Retinal & NAD Night Cream

Powered by next-gen retinal—11x stronger than retinol—and cell-energizing NAD⁺, this night cream boosts collagen, smooths deep wrinkles, and strengthens the skin barrier for visibly revitalized skin by morning.

BENEFITS

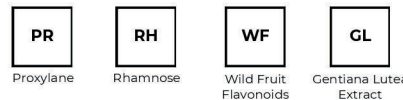

- Accelerates epidermal turnover
- Redensifies collagen matrix
- Reinforces skin barrier
- Brightens morning radiance

50 ml e 1.69 Fl.Oz

A.G.E. Defender Serum

A high-performance serum with advanced Proxylane, botanical Rhamnose, and wild plant actives to target glycation, support collagen, and visibly revive youthful radiance.

BENEFITS

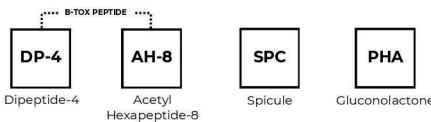

- Defends against glycation
- Enhances collagen resilience
- Restores skin clarity
- Improves structural integrity

30 ml e 1.01 Fl.Oz

B-Tox Wrinkle-Relax Filler Serum

A clinical-grade wrinkle-filler serum with neuro-relaxing peptides and sponge microneedles to soften expression lines, refine texture, and restore a lifted, youthful look—an advanced alternative to in-office Botox.

BENEFITS

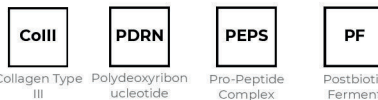

- Smooths expression lines
- Refines skin texture
- Restores lifted contours
- Mimics neuromuscular relaxation

30 ml e 1.01 Fl.Oz

PDRN Collagen III Booster

A next-gen serum powered by clinical-grade PDRN, collagen III, and an advanced Pro-Peptide Complex to boost Collagen Type III, the "youth collagen". It reinforces skin's structure while visibly improving density, elasticity, and hydration.

BENEFITS

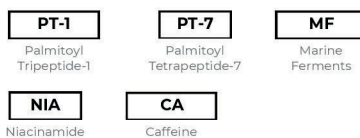

- Stimulates youth collagen
- Enhances dermal density
- Boosts elasticity retention
- Deeply hydrates skin

30 ml e 1.01 Fl.Oz

MULTI-PEPTIDE Firming Eye Cream

Infused with advanced peptides and marine ferments, this eye cream revitalizes the eye contour, diminishes fatigue signs, and restores youthful radiance—clinically proven to firm and smooth in 4 weeks.

BENEFITS

- Firms periorbital skin
- Reduces dark circles
- Smooths fine lines
- Revives tired eyes

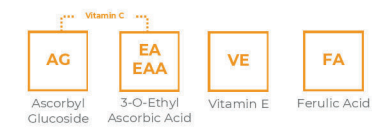

15 ml e 0.51 Fl.Oz

Vita-C

Vita-C & E Ferulic Acid Serum

A potent classic antioxidant serum with VC, VE & Ferulic Acid. Clinically proven to brighten and firm skin while reducing the appearance of marks, delivering long-lasting results.

- BENEFITS**
- Brightens skin tone
 - Defends oxidative stress
 - Firms collagen matrix
 - Reduces discoloration visibility

30 ml e 1.01 Fl.Oz

Vita-C & Peptides Serum

An innovative serum featuring gold-standard THD Ascorbic Acid and signature bio-peptides, clinically proven to firm skin, brighten the complexion, and reduce visible signs of aging.

- BENEFITS**
- Enhances dermal elasticity
 - Boosts collagen synthesis
 - Illuminates skin complexion
 - Smooths early wrinkles

30 ml e 1.01 Fl.Oz

ALL-in-One Master Day Cream

An all-in-one day cream with dual Vitamin C for stability and deep absorption. Powered by Exosomes, Niacinamide, Bakuchiol, Ectoin, and Resveratrol, it targets aging, dullness, dryness, and fatigue.

- BENEFITS**
- Recharges cellular vitality
 - Strengthens skin defenses
 - Brightens fatigued complexion
 - Smooths fine texture

30 ml e 1.01 Fl.Oz

Vita-C & Acids Serum

A potent serum with a water-oil vitamin C complex, glycolic and lactic acids, and brightening actives that effectively exfoliate, brighten, and reduce pigmentation with lasting results.

- BENEFITS**
- Accelerates cellular turnover
 - Reduces pigment accumulation
 - Refines skin radiance
 - Deeply resurfaces texture

30 ml e 1.01 Fl.Oz

ANTI
OXIDANT

RESVERATROL ANTIOXIDANT BOOSTER

A powerful antioxidant booster featuring Resveratrol, NAD, and Coenzyme Q10 to visibly rejuvenate skin, defend against aging, and enhance cellular energy for a radiant, youthful glow.

Resveratrol

NAD

Coenzyme Q10

BENEFITS

- Anti-Oxidant
- Skin Renewal
- Promotes Brightness
- Improves Skin Texture

30 ml e 1.01 Fl.Oz

RESVERATROL MULTI-ACTION DAY CREAM

Formulated with potent Resveratrol, rejuvenating NAD+, and calming Licorice Extract, this day cream delivers targeted anti-aging benefits while visibly brightening and restoring skin vitality.

Resveratrol

NAD

Licorice Extract

BENEFITS

- Boosts Antioxidant Protection
- Reduces Visible Fine Lines
- Enhances Skin Firmness
- Evens Out Skin Tone

50 ml e 1.69 Fl.Oz

RESVERATROL
anti-oxidant

RESVERATROL MULTI-ACTION NIGHTCREAM

A nourishing night cream infused with resveratrol and botanical extracts to hydrate, brighten, and refine skin texture overnight.

Resveratrol

Papaya Enzyme

Viniferine

BENEFITS

- Anti-Oxidant
- Dark Spot Correction
- Firming and Lifting
- Even Skin Tone

50 ml e 1.69 Fl.Oz

UV
Shield

Firming Defense Peptides Fusion Sunscreen

NEW

An SPF 50 hybrid sunscreen (mineral + chemical) with peptides and niacinamide that defends against UV damage while visibly firming, lifting, and revitalizing dull, aging skin.

SPF 50

Peptides

UVA+UVB

Hybrid Sunscreen

BENEFITS

- Lifts facial contours
- Supports collagen integrity
- Defends photoaging damage
- Energizes tired skin

50 ml e 1.69 Fl.Oz

Tone Correction Sheer Mineral Sunscreen

NEW

A sheer mineral SPF 50 with arbutin, niacinamide, and zinc oxide —brightens, fades pigmentation, repairs UV damage, and blends seamlessly with no white cast, even on darker skin tones.

SPF 50

Iron Oxides

UVA+UVB

Mineral Sunscreen

BENEFITS

- Brightens uneven tone
- Visibly fades pigmentation
- Enhances environmental defense
- Evens natural complexion

50 ml e 1.69 Fl.Oz

Redness Relief Tinted Mineral Sunscreen

NEW

A tinted mineral SPF 50 with barrier-repair actives that calm redness, soothe sensitive or acne-prone skin, and protect post-treatment skin with gentle, effective care.

SPF 50

CICA

UVA+UVB

Mineral Sunscreen

BENEFITS

- Neutralizes visible redness
- Soothes sensitized skin
- Strengthens barrier defense
- Calms inflammation response

50 ml e 1.69 Fl.Oz

Refreshing Face&Body Sunscreen Spray

A lightweight, non-greasy SPF 30 spray for face and body that hydrates and soothes with botanical extracts and niacinamide.

SPF 30

Reef-Safe

UVA+UVB

ALL-in-One

BENEFITS

- Hydrates skin barrier
- Shields UV exposure
- Refreshes dull skin
- Soothes post-sun irritation

150 ml e 5.07 Fl.Oz

Glass Skin

NEW

Matcha Bio-Collagen Glass Skin Mask

A bio-collagen hydrogel mask that soothes, clarifies, and hydrates for a refreshed glass-skin glow. As actives absorb, it turns transparent—revealing deep delivery and radiant balance.

LMCP Low Molecular Collagen Peptides	GFF Galactomyces Ferment Filtrate
NIA Niacinamide	GT Green Tea

BENEFITS

- Restores skin clarity
- Deeply hydrates layers
- Strengthens youthful glow
- Revives collagen vitality

34 g e 1.19 Fl.Oz

S.O.S + DAILY FACIAL SPRAY

Dermatologist-approved hypochlorous mist that soothes, clears, and purifies. Alcohol- and fragrance-free, safe for sensitive skin—ideal for acne, eczema, and post-workout use.

HOCl Hypochlorous Acid	NaCl Sodium Chloride	MT Mint
----------------------------------	--------------------------------	-------------------

BENEFITS

- Calms skin irritation
- Neutralizes surface bacteria
- Soothes reactive inflammation
- Refreshes post-activity skin

150 ml e 5.07 Fl.Oz

AHA & PHA Clarifying Mask

A skin-renewing mask powered by AHAs, PHA, enzymes, and azelaic acid to gently exfoliate, smooth texture, and brighten dull, tired skin—revealing a more radiant, even-toned complexion.

4 AHA Glycolic Lactic Mandelic Malic Acids	PHA Gluconolactone	AA Azelaic Acid	FE Fruit Enzymes
--	------------------------------	---------------------------	----------------------------

BENEFITS

- Refines skin texture
- Boosts cell turnover
- Brightens dull complexion
- Unclogs congested pores

50 ml e 1.69 Fl.Oz

Ceramide & Green Tea Milk Hydrating Barrier Essence

A milky all-in-one essence that hydrates, soothes, reduces redness, and strengthens the skin barrier in one step. Perfect for simple routines and maintaining calm, all day.

3 CE Ceramide NP, AP, EOP	GT Green Tea	MC Mineral Complex	VE Vitamin E
-------------------------------------	------------------------	------------------------------	------------------------

BENEFITS

- Replenishes moisture reservoir
- Fortifies lipid barrier
- Calms visible redness
- Balances skin ecology

120 ml e 4.05 Fl.Oz

0.5%Retinol & PDRN Beginner Serum

A beginner-friendly facial serum combining encapsulated retinol and regenerative PDRN to visibly combat early signs of aging with minimal irritation and enhanced skin renewal.

RE Encapsulated retinol	PDRN Polydeoxyribonucleotide	PT-1 Palmitoyl Tripeptide-1	CE Ceramide NP
-----------------------------------	--	---------------------------------------	--------------------------

BENEFITS

- Targets early aging
- Enhances cellular renewal
- Boosts skin resilience
- Minimizes irritation risk

50 ml e 1.69 Fl.Oz

ABOUT BLACKBIRD

Founded in 2002 Blackbird has grown from a start-up into a modern manufacturing facility covering 16,000 m², with over 23 years of expertise in the cosmetics industry. We specialize in skincare product manufacturing and private label development, offering full-service solutions from formulation and packaging design to final assembly.

Innovation is at the core of our business. Our 500 m² state-of-the-art laboratory, staffed by 15 senior engineers, collaborates with leading global laboratories. We reinvest 13% of our annual profit into R&D and have earned CNAS laboratory accreditation, underscoring our commitment to scientific excellence.

To meet diverse production demands, we operate 15 fully automated production lines, ensuring efficient, high-quality output at any scale. Our manufacturing practices comply with the highest international standards, holding both EU ISO22716 and U.S. GMPC certifications.

With cutting-edge technology, rigorous quality standards, and decades of industry experience, Blackbird is committed to being your most reliable partner in the beauty industry.

ALL CATEGORIES

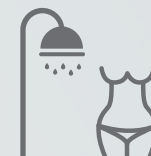

Blackbird focuses on the skincare field, but our product development and manufacturing capabilities extend throughout the world of personal care products.

Not only does this allow Blackbird to serve clients in a variety of different industries, but it also allows clients to expand their product lines both vertically and horizontally.

Blackbird is always broadening our capabilities in the service of our clients. The following list highlights several.

Skincare

Bath & Body

Hair Care

Tan Care

Baby Care

Men Care

SPA & Wellness

Natural Products

Sun Protection

Other

OUR VISION

We envision a beauty industry where science, sustainability, and consumer insight shape meaningful products. By innovating continuously and understanding market needs, we help brands build unique product lines while promoting safer, greener, and more effective skincare.

OUR MISSION

At Blackbird, our mission is to deliver the most effective and innovative skincare solutions. By pushing the limits of formulation and manufacturing, we redefine the gold standard of product quality—empowering brands to lead with confidence.

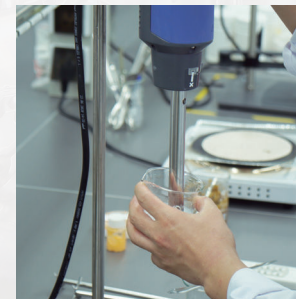

R&D CAPABILITIES

Spanning 500 m², our state-of-the-art product laboratory collaborates with leading laboratories both domestically and internationally. The facility encompasses a central laboratory, an efficacy testing room, a raw material testing room, a safety testing room, a microbial challenge room, a stability testing room, and a product experience room, ensuring comprehensive analysis and evaluation of our products.

Our team comprises 15 senior engineers, each boasting 10-20 years of extensive experience in the research, development, and testing of formulas for numerous prestigious brands. With over two decades of formula refinement, we dedicate 13% of our annual profits to technology research and development. This steadfast commitment has culminated in the establishment of a reserve library housing over 6000+ functional products, positioning us at the forefront of innovation in the skincare industry.

QUALITY ASSURANCE

GLOBAL CERTIFICATIONS

ISO22716, GMPC, ISO9001, FDA – global certifications that guarantee our product safety and compliance.

GMP CLEANROOM

100,000-grade dust-free environment. Strict disinfection and hygiene procedures for every production shift.

5-STEP QUALITY CHECK

Raw materials → Packaging → Semi-finished
→ Finished products → Final testing.
(AQL Level III standard)

INGREDIENT SAFETY TESTING

COA, MSDS, microbial tests, stability and preservation challenge testing—ensuring safety and performance.

FULL PROCESS TRACEABILITY

Each step is documented and signed by responsible personnel for total transparency and batch traceability.

BLACKBIRD SERVICES

One-Stop Insight to Innovation

We closely monitor global skincare trends and consumer behavior to provide data-backed insights. Whether you're entering a new category or upgrading an existing line, we help ensure your products stay relevant, competitive, and in demand.

Target Market Analysis

We study competitors, consumers, pricing, and ingredients to uncover opportunities and define your market fit.

Product Strategy

We shape your product roadmap—clarifying hero SKUs, categories, and features to match brand goals and demand.

Trend Guidance

We turn global trends into actionable ideas—covering ingredients, textures, claims, and packaging demands.

Custom Product Formulations

Our R&D strength enables us to provide diverse formulation options, ensuring the final products meet desired outcomes.

Custom Formulations - based upon client concept without a prototype

Formulation Enhancement - based on existing formulations or prototypes

Reverse Engineering - creating a formulation based on an existing product

Ingredient Focus - infusing highlight ingredients into existing formulations

Filling and Assembly

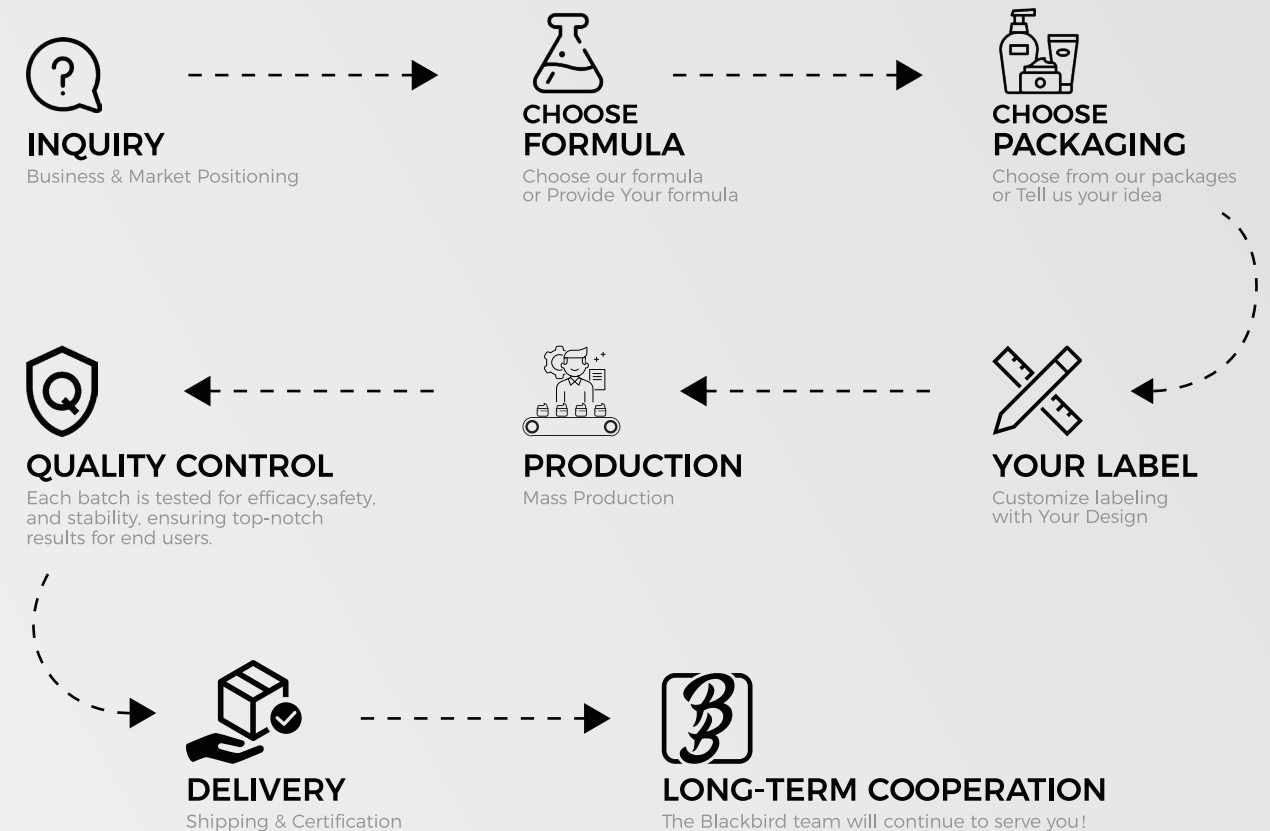

Blackbird offers a flexible production line with single and multi-head fillers for various container types, including bottles, jars, and tubes. Our comprehensive, end-to-end services streamline the journey from production to retailer shelves, minimizing time-to-market and enhancing fulfillment efficiency to launch products quickly.

Global Compliance Guidance

We are familiar with the access rules of various markets around the world and can provide guidance and support to clients to help them navigate the various regulatory environments where their products are launched.

COOPERATION STEPS

Our step-by-step process ensures a seamless transition from concept to market, focusing on customization, efficiency, and quality. Here's how we work together:

😊 **Blackbird looks forward to cooperating with You!!!**
